Education

B.Eng. Aerospace Engineering (Space Systems and Design)

Sept 2024 – Present

Carleton University - Ottawa, ON

- CGPA: 10.6/12 (A-/A)
- Awards: Repeat Dean's Honor List; Several scholarships recipient
- CO-OP: Available for a placement beginning January 2027 (4–16 months)

Skills

CAD: CATIA V5, SolidWorks, Fusion 360, AutoCAD, 3D Printing

Software: C/C++, Arduino, Python, MATLAB, Python, Excel, FEA, Engineering hand calculations

Hardware: Machining (Mills, Lathes), Breadboards, Soldering, Welding, Multimeters

Projects

Aerostructures Team Member, CU InSpace

Sept 2024 – Present

- Design load-bearing rocket structural components in SolidWorks, balancing mass, stiffness, and manufacturability constraints.
- Validate aerostructure designs against launch and flight loads using hand calculations and FEA.
- Prepare technical documentation and coordinate with avionics, propulsion, and recovery teams to support system integration.

Home Server/NAS

July 2026 – Aug 2026

- Built a Network Attached Storage server from repurposed hardware and configured TrueNAS for centralized file storage across multiple devices.
- Configured Tailscale with the NAS as an exit node to securely route remote internet traffic through the home network.
- Troubleshoot hardware, networking, and server software issues to maintain reliable operation.

Lead Designer, Vending Machine Project

Sept 2023 – June 2024

- Designed and fabricated a functional vending machine using MDF structural components and an Arduino Uno for system control.
- Developed and debugged C/C++ control software for user input, payment simulation, and motor actuation.
- Produced circuit schematics, assembly documentation, test results, and failure-mode analysis for maintenance and replication.

Experience

Teaching Assistant, Carleton University - Ottawa, ON

Sept 2025 – Present

- Teach calculus and mathematical methods to first-year engineering students, adapting explanations and examples to improve comprehension.
- Develop structured problem solutions for common challenges, helping students apply course concepts independently.

Pharmacy Technician, Loblaws Pharmacies - Kanata, ON

July 2022 – Jan 2024

- Coordinated daily tasks and information flow in a fast-paced pharmacy environment, supporting efficient operations and accurate handling of information.
